Highways Meeting – The meeting on 23rd July at Rougham Service Centre is confirmed with Cabinet Member Mary Evans, Community Liaison Engineers Francesca Clarke and Matthew Fox, and Speed and Safety Team manager David Chenery. An agenda listing the items to be covered will be useful, for example, School Safety (speed and illegal use of Restricted Access Road on east side and general traffic hazard on west side, refer to recent speed survey data); 30 mph Speed Limit extensions; response to defects and drain blocks; pedestrian safety on Denmark Hill – any traffic calming measures available; VAS and locations (Denmark Hill?); AOB.

Ipswich Northern Route Consultation Live - Suffolk councils are exploring options for a new road north of Ipswich to link the A14 and A12, potential routes include (1) inner from Martlesham to Claydon, (2) middle from Woodbridge to Claydon, and (3) outer from Melton to the A140 near Coddensham. The public consultation runs from Friday July 5 to Friday September 13, with public drop in sessions- refer to Website www.ipswichnorthernroute.org.uk

[Planned coverage \(April 2019 - September 2019\)](#)

Pothole Repair Criteria Changing – You will be pleased to learn that a trial scheme in Ipswich to reassess how potholes are categorised for repair will be applied across Suffolk starting this summer. The new system allows engineers to repair potholes close to each other during the same visit, tackling smaller potholes before they can expand.

Green Access Strategy Consultation - Communities are invited to comment on the County Council's Green Access Strategy - Rights of Way Improvement Plan as part of a ten-week consultation. The Countryside and Rights of Way Act (2000) requires councils to provide rights of way for walkers, cyclists, riders and those with mobility problems. The public consultation runs from 8th July 2019 and runs until 20th September.
